Gentlemen,

I wanted to take just a minute to thank you and your crew for a job WELL DONE at our Whisler Ridge project in Lake Forest, CA. On time and within budget...it doesn't get any better.

Special thanks to Francisco Juarez, the jobsite foreman. He kept the jobsite safe and clean while maintaining our aggressive schedule to complete the job on time. Dan Clanton, Superintendent, provided great support to Francisco and crew making sure they had the proper equipment, materials and manpower to keep the job moving forward. Again thanks to all.

We look forward to working with you in the future.

Sincerely,

Mike Cravens
